

AAPEX 2009

The 2009 AAPEX show in Las Vegas, Nevada was quite a success for DSS! It was a great opportunity to reconnect with all our customers and discuss the past year. Our latest technology, the Generation II Joint, was a popular topic but it was our High Performance Volkswagen axle that won an award at the show!! We are proud to say that this new axle was awarded **“BEST NEW PRODUCT FOR IMPORT CAR AND TRUCK”** by the Auto International Association (AIA)!!

Below are some pictures taken at the show, including the HP Volkswagen axle that won the award. Thanks so much to all of you who came out to see us; it was a pleasure visiting with each of you. Here at DSS, we work hard to keep you up-to-date on the latest technology in our aftermarket field and will continue to do so through this year. We appreciate your business and are looking forward to AAPEX 2010!!
